**Dear Parishioners**

The Word became flesh and pitched his tent among us.' 2,000 years ago God spoke his Personal Word into the midst of human history. This is a Word of teaching: Jesus is our New Law, the Pattern we are to follow. But it is more: it is a Word of friendship. God has shared himself with us, sent us his understanding of his own self. 'The only Son, who is in the Father's bosom, he has made him known.' God has expressed himself to us as completely as we can take in while still on pilgrimage. He has spoken grace, personal love; he has spoken truth in the sense of loyalty.

John tells us that Jesus came with life and light, love and truth – also that 'the Light shines in the darkness.' His Gospel records how Jesus 'came to his own home,' came back to Judaea where he had been born, and the local authorities killed him. They exemplify the mystery of evil, the world's strange fear in the presence of Love. They stand for the willingness to destroy Life, the warped priorities that cannot cope with Truth, the repeated attempts of darkness to extinguish the Light, all of which must fail, for 'the darkness has not mastered it' – neither understood it, nor defeated it. Instead, the Light has defeated the darkness!

John saw him do it: 'We have beheld his glory' means 'I saw him on the Cross.' That was when God's love was spoken persuasively enough to conquer fear, God's loyalty was uttered powerfully enough to draw us to his heart.

St Paul says God the Father chose us in Christ: in Christ, the Eternal Wisdom, he conceived of us as his work of art, his new creation – but also as his friends. So in Jesus, God spoke to us: spoke himself, spoke his friendship, the kind of friendship that can lay down its life, and by doing so invite and attract us into becoming God's personal friends.
