

Important Information

Graves & Memorials

May we remind families that they are Responsible for the upkeep and maintenance of graves and their memorial stones.

If we find that there are memorials that are unsafe we will first contact the family so that they can make appropriate repairs at their own cost.

However, if any such work is not completed within 6 months we will arrange for the memorial to be laid flat and charge accordingly.

All work must be carried out by a licensed stonemason, details of which can be obtained from the Parish office.
